Suggested retail price $29.95 each

The Dansco Archival Quality Slipcase has been produced with Silver-Guard Corrosion-Inhibiting protection. No other product on the market matches Silver-Guard Corrosion-Inhibiting protection against corrosion. This Military Specification material permanently neutralizes corrosive gases in the air that can cause toning and discoloring. This works with silver, gold, copper, and nickel coins and medals, medallions, bars, and ferrous metals. Dansco Coin Albums have always been made with the best archival materials and with the addition of this finely crafted slipcase the protection is invaluable. This will not remove existing toning. Always handle your coins properly. It is best to store your coins in a cool, dry place and away from extreme temperature or humidity changes. With the air flow at a minimum, Dansco's Archival Quality Slipcase will offer maximized protection for your coin collection.

BINDERS

Blank or Printed .....each $24.95
